(Scale Control Winter) PAGE 1 OF 2

**SCALE Control 100****SCALE INHIBITOR  
WINTER VERSION****TECHNICAL DATA****DESCRIPTION**

This highly active phosphate ester acid is a powerful scale and rust inhibitor designed for oil and gas wells. Once introduced into the well, it removes and prevents scale build-up. Benefits include an increase in production, the reduction in plugging of wells, the reduced need for costly wire line service, and the elimination of deposits on screens and tubing.

**DIRECTIONS**

This product can be added at the well head directly and injected into the flow lines at required rates based on the fluid volumes and the severity of the problem.

**PACKAGING AVAILABILITY:**

This product is available in the following packaging options:

20L

205L

1000L

**PHYSICAL PROPERTIES:**

For an extensive list of physical properties, refer to the MSDS.

State	Liquid
Odour	n/a
Color	Colourless
Density	n/a kg/L
pH	2.5 – 3.5
Cloud Point	n/a
Cloud Point (1%)	n/a
Foam (1%)	n/a

**SCALE CONTROL 100****SCALE INHIBITOR  
WINTER VERSION****TECHNICAL DATA****GENERAL FIRST AID INFORMATION****IN CASE OF INHALATION**

Remove victim to fresh air. If breathing is difficult, oxygen may be beneficial if administered by trained personnel. Immediately transport victim to an emergency care facility.

**IN CASE OF INGESTION**

Rinse victim's mouth with water. **DO NOT INDUCE VOMITING.** Have victim drink 300 mL of water to dilute material in stomach. If milk is available, it may be given **AFTER** the water. Transport victim to an emergency facility..

**IN CASE OF CONTACT WITH SKIN**

In case of contact with skin, remove contaminated clothing and flush with water for at least 60 minutes. Do not interrupt flushing. Transport to an emergency facility.

**IN CASE OF CONTACT WITH EYES**

In case of contact with eyes, continuously flush eyes with plenty of water or neutral saline solution for at least 60 minutes. Transport to an emergency facility.

**PERSONAL PROTECTIVE EQUIPMENT REQUIRED IF HANDLING DIRECTLY**

Impermeable gloves  
Chemical goggles or safety glasses  
NIOSH approved  
Rubber boots required  
Impermeable coveralls required  
Eye-wash station required
